The LPG Association of SA (LPGSA) has been mandated by the Department of Employment and Labour to Verify LP Gas appliances tested for conformance with the SANS1539 specification. In addition, the LPGSA is mandated to undertake a similar process for hoses manufactured to SANS 1156-2 and LP Gas regulators to SANS 1237. LPGSA issues this LP Gas Verification Permit to the manufacturer/importer of appliances/hoses and regulators that have been tested by an approved Test House as being compliant with current published SABS Standard. This permit and the subsequent registration of the appliance/s is issued by the LPGSA in the interests of a safer South Africa.
